

WAUSAU WINS IN OPENING CONTEST

Rhinelanders Highs Lose On The
Gridiron Saturday By
Score of 16 to 0

The Wausau and Rhinelander High school football teams clashed last Saturday in the first gridiron battle to take place in this city this season. Although the local warriors put up a hard struggle through a series of unfortunate mishaps they were defeated by a score of 16 to 0. Immediately after the opening of the game a drizzling rain set in which rendered the field very muddy and slippery.

The game started when Wausau kicked to Rhinelander. The locals fumbled the pigskin on the first down, the visitors recovering the ball. On the second down a forward pass gave Wausau its first touch down. The first quarter ended with Rhinelander in possession of the ball.

In the second quarter Wausau made its second score, kicked goal and the result stood 16 to 0 at the end of the first half.

At the beginning of the second half several changes in the lineup were made in the home team. Neither side scored during the third quarter.

In the last quarter Wausau again scored but failed to kick their goal, leaving the final count 16 to 0.

Vern Redfield, captain and full back, played the star game for Rhinelander.

All the boys showed up well for the little practice they have had. The first half was refereed by Coach Schneller of Wausau, and the second half by Coach Miller of this city.

The best of feeling was displayed by both teams and no wrangling marred the game. The Wausau boys were a gentlemanly bunch and a dancing party in their honor was given at the Guild Hall Saturday evening.

A small attendance witnessed the game but this was no doubt due to the inclemency of the weather. Rhinelander plays Ironwood in that city next Saturday.

CATCH DESERTER FROM ARMY HERE

Officer O'Malley Arrests Adolph
Zacharias—Left Fort San
Antonio

By capturing Adolph Zacharias, a deserter from the United States Army. Officer Jas. O'Malley of this city, received from the government a reward of fifty dollars, the amount offered for the young man's detention.

Zacharias, whose parents reside in Rhinelander, was a member of Co. I, 3rd Battalion, stationed at Fort San Antonio, Texas. He and a comrade named John Woyton, alias Williams, deserted from that post on September 9th last. Thinking that the men would endeavor to come to this city descriptions of them were sent here. Woyton was arrested in Chicago. Zacharias arrived here early last week but remained in hiding until Friday when he made his appearance and was placed under arrest by Officer O'Malley.

Advises from Fort San Antonio directed the policeman to remove his prisoner to Fort Snelling, Minn., where upon delivery to the officer in charge the reward would be paid. Zacharias was taken to Fort Snelling by O'Malley Sunday.

Zacharias is about twenty-five years of age and figured in the Donnerstag case a few years ago.

MORE WORDS OF PRAISE

Milwaukee Man Speaks Highly Of State
Fair Exhibit

J. B. Granfield, a Milwaukee man who was in the city Sunday, found occasion to make a few complimentary remarks regarding Oneida county's exhibit at the state fair. Here is about what he said:

"Yes, I saw the display from your county at the fair and I must say that it was one of the very best in the building. Oneida had it over more than one of the older counties. I have seldom seen such splendid potatoes and I have farmed some myself. There is not a doubt in my mind but what your county will within a very few years be one of the great potato producing sections of the northwest."

Other strangers who saw the Oneida county exhibits praise it as highly as did Mr. Granfield.

SUMMER RESORTS CLOSING SEASON

Year Has Been A Prosperous
One For Proprietors—
Many Tourists

After a most successful season the various summer hotels in Oneida, Vilas and adjoining counties are gradually closing, although a few of the larger resorts will continue to operate through the hunting season and until the end of November.

With the majority of summer resort proprietors in this section the last season has been one of unusual prosperity. There has been a larger influx of tourists from the big cities into this portion of the state than in some years past. This is due chiefly to three facts: first, the resort people have expended large sums of money in advertising northern Wisconsin; second, recent road improvements have made it easy to reach this country in automobiles and third the fishing in the nearby lakes has never been better.

The railroads touching the lake regions have not carried as many tourists during 1911 as in former years as the auto traffic has been exceptionally heavy. Hundreds of touring cars have passed through Rhinelander this last summer enroute for the resorts north of here. In another year it is expected that over half the travel by sportsmen from Milwaukee, Chicago and other southern cities to this and adjoining counties will be in autos.

ENTER BOAT PLANT

Company Offers A Reward For Arrest
Of Guilty Ones

Unknown parties forced an entrance into the plant of the Rhinelander Boat Company a few days ago and committed several depredations of a damaging nature. An effort is being made to trace down the offenders and the company has offered a reward of \$10 for information which will result in their arrest and conviction. A notice of this reward appears in this issue of the New North.

Petty crimes of this kind have frequently occurred in Rhinelander and it is time something should be done to bring the culprits to justice. It would appear from all accounts that small boys are responsible for such deeds and if this is the case the youngsters should be hunted out and an example made of them.

BIG CRANBERRY CROP

Jas. Olmstead came down from Lac du Flambeau, Tuesday with a bushel or more of wild cranberries which he distributed among his friends. Mr. Olmstead stated that the Indians on the Flambeau reservation have picked hundreds of bushels of cranberries this season. The crop has been a plentiful one.

BIG ATTRACTIONS FOR THE SEASON

Entertainment Association
Books Some Strong Num-
bers For Course

The Rhinelander Entertainment Association that operated a course of entertainments last winter with a safe balance in the treasury, has arrangements practically completed for a larger course than ever this fall and winter. The course given last year cost about \$600. The course this year will cost \$850 thus giving the purchasers of tickets this year the benefit of the surplus earnings of last year. The association has selected talent which it is believed will uniformly excel the numbers offered a year ago and the patronage of the public is solicited. The plan of the association is to bring to the city strictly first class bookings of music, lectures and entertainments. The sale of season tickets will be operated much like last year and it is hoped that the public will respond quickly so that the work of placing tickets will be easier than a year ago.

The first number of this course will be presented Oct. 31, by the Le Brun Concert Company. This company is composed of soloists of national reputation who have taken parts in many of the best Grand Opera companies in the country. They present parts in costumes taken from the most famous operas, as well as presenting most excellent solo work. This Concert Company is a big attraction and is the most expensive number of the course. They appear on the big lecture courses of Oshkosh and Appleton, and Rhinelander is fortunate to be able to have them here.

Other numbers of the course are: The Four Artists; The Chicago Glee Club; Rogers and Griley Entertainers; Congressman Cannon of Utah; and Montaville Flowers, an impersonator. More will be said of these later, but every number is strictly first class. Announcements of prices, tickets and dates of the entertainments will soon be issued.

JURY ACQUITS IN THE HOOVER CASE

Al. Winger Charged With Kill-
ing Step-Father, Is Freed
This Morning

Albert Winger, charged with the killing of his step-father, Richard Hoover, at Minocqua on the evening of Tuesday, September 19, was this forenoon acquitted of the charge by a jury in circuit court. The case went to the jury at 9 o'clock last evening and at 10:30 o'clock today the verdict of not guilty was returned. The jury occupied most of the time in arguing the various degrees of murder and manslaughter on which the defendant could be convicted and only four ballots were taken before the verdict was reached.

The jury was comprised of the following: J. G. Dunn, E. M. Korzhik, Lynn Markham, H. Gagen, W. L. Liebenstein, Geo. Deacon, Jacob Christ, C. A. Carling, Robt. Lardson, F. C. Sawtell, Jas. Gleason and W. H. Gilligan, Jr.

The case opened Monday afternoon but it was late Tuesday forenoon before the jury had been completed and the taking of testimony commenced. The defendant was represented by Attorney John Van Hecke of Merrill and Judge Ames of Minocqua. District Attorney Fricke assisted by Attorney H. F. Steele appeared for the state.

Both sides had a large number of witnesses, chiefly Minocqua people. The testimony of the witnesses for Winger tended to show that the killing of Hoover was done in self defense. Other testimony was offered as to the character and past record of Hoover. Mrs. Hoover testified in behalf of her son.

The case was very interesting and attracted large crowds of spectators to the court room.

Papineau Acquitted

The jury in the retrial of the Papineau adultery case retired at about 11 o'clock this forenoon and at 3 o'clock this afternoon brought in a verdict of not guilty. The Papineau case began immediately after the completion of the Hoover case. These two cases have occupied practically all of the week in circuit court up to the present time.

FIRST MEETING OF WOMAN'S CLUB

Italian Opera And Its Compos-
ers Is The Study For The
Year's Work

Rhinelanders Woman's Club held its first session of the club year Tuesday. The study for the year's work is "Italian Opera and Its Composers." Music is nothing else but wild sounds civilized into time and tune, such the extensiveness thereof that it stoopeth as low as mute beasts, yet mounteth as high as angels." Fuller—

The new president of the club, Mrs. Mildred Shepard, said in her opening speech that she would embody in her remarks the sentiment of the pledge of the club the gist of which is "believing the objects of the Woman's club are worthy of our best efforts." We pledge ourselves to the furtherance of its work. Taking this as a key note the educational department of the club propose to do some aggressive work along the lines of educating sentiment in the community in regard to equal suffrage, and especially among women.

After the business of the club was transacted the program was opened by a paper by Mrs. J. J. Reardon. Her subject was, "The Grand Opera, Wilhelm Tell," by Rassin.

The paper was well written and was listened to with close attention, as it fell from the speaker's lips.

"The opera was founded on the story of Wilhelm Tell. The events occurred in 1307. Switzerland had been conquered by Austria and Gesler, one of the basest and most tyrannical of men, was her governor. As a refinement of cruelty he had his cap elevated on a pole and commanded that everyone should bow before it. Tell proudly refused to submit to this degrading mark of slavery—he was arrested and carried before the governor. The day before, Tell's son, Albert, fell into the hands of Gesler. Tell's release was given him if he could shoot with his bow and arrow an apple off the head of his son. He accomplished the feat. He was asked by Gesler why he had another arrow concealed beneath his coat. His answer was, "To kill thee Gesler, had I slain my boy." There are ten characters in the opera and the introductory part brings in other scenes than the one related.

The drama was written by Schiller and was set to music by Rassin. The words of the opera are by Etienne Jouy and Hippolyte Blais.

The music for the day was the Overture in 4 parts.

1st—The Dawn.
2nd—The Storm in the Alpine Hills.
3rd—The Trumpet Call of Freedom.
4th—The Triumphal March.

The music was rendered by a Victrola which E. G. Squiers kindly loaned the club for the day. At the close of the program the members indulged in a social hour. There were twenty members present. Six ladies sent in their names for membership.

The sentiment for the day was: "The graces and the loves which make the music of the march of life."

RURAL CARRIERS MEET

Frank Easton At Big Convention In
Milwaukee

For the first time in its history the National Rural Letter Carriers' Association convened in Wisconsin, and in Milwaukee, on Sept. 19 and continued in session for four days.

The meeting was called to order by President Mahon of Texas, who made a few appropriate remarks and then introduced Hon. P. V. DeGraw, fourth assistant Postmaster General, who made a few instructive remarks to the carriers followed by Mr. Thompson, Superintendent of Rural Free Delivery.

The Association completed its work Thursday evening and on Friday morning an agreeable surprise was in store for all the Rural Carriers, who wished to accept the invitation of Montgomery Ward & Co. to visit Chicago and the immense store of the company.

Montgomery Ward & Co. took the carriers from Milwaukee, in a special train via the Electric line, landing them in the Windy City and after entertaining and dining them, chartered 50 automobiles and took them through the principal parks and boulevards of the city landing them at the States Restaurant where they were royally banqueted.

The only representative of Oneida Co., present at the convention was Frank Easton.

BISHOP SCHINNER IN CITY SUNDAY

Head Of Superior Diocese Con-
firms Large Classes at
Two Churches

Sunday was a day of unusual importance in Catholic circles in this city. Rt. Rev. Bishop Schinner of the diocese of Superior visited here and conducted services and confirmed two classes of children at St. Mary's and St. Joseph's churches.

The Bishop, accompanied by Father Bertram, arrived from Eagle River, Saturday afternoon. Sunday morning at ten o'clock he officiated at Pontifical high mass at St. Mary's church. Baking Powder Biscuits

Light as a Feather

By Mrs. Janet McKenzie Hill, Editor of the Boston Cooking School Magazine

Baking Powder Biscuits made by this recipe are so far ahead of ordinary baking powder biscuits that, if once tried, you will never use any other recipe. Try it the next time you run short of bread. Save this recipe.

K.C. Baking Powder Biscuits

Three cups flour; 1/2 to 3/4 cup shortening; 3 level teaspoons K.C. Baking Powder; about 1 cup milk or water; 1 teaspoon salt.

Sift three times, the flour, salt and baking powder. Work into the flour the shortening, using lard or butter for shortening. Then mix to a very soft dough with the milk. The softer the biscuit enters the oven, the lighter it comes out. Never knead baking powder biscuits; press the dough into shape and roll lightly. Cut in small shapes and bake on a sheet or very shallow pan in a hot oven. In placing biscuits in the pans place well apart, not allowing them to touch. Small biscuits are better than large ones. Large biscuits do not have the proper amount of time to raise and bake.

Have you seen the new K.C. Cook's Book? Brimful of appetizing recipes that simply must be successful every time! If the few simple directions are carefully followed, you would gladly pay 50 cents for this valuable book. Get your copy absolutely free upon receipt of the colored certificate packed in every tin of K.C. Baking Powder. Write Mrs. C. C. Baker, Chicago. Small cases do not have Cook's Book certificate.

Ashland—
Ever since the Apostle Islands have been inhabited by man, the only method of traveling on any of them has been by team or auto but one of the islands is soon to have a railroad road which will be a decided innovation for the natives. The island on which this unusual plan will be carried out is Presque Isle and the railroad to be constructed will be built by the Schroeder Lumber Company for logging purposes.

Washburn—
Although the officers have exerted every effort trying to locate the writer of the anonymous letter which was received by Policeman Chauvin in which he was ordered to deposit a certain sum of money at a designated spot near the Lincoln school, no clue to the offender has as yet been obtained. The police laid a trap to catch their man, but were unsuccessful. It is believed that the letter was written by "black handlers".

Cameron—
An agreement was reached between Messrs. Sefeldt and Raymond of Neillsville, Wis., and the village of Cameron, whereby a hub and spoke factory in connection with a sawmill will be built and operated on the ground in the north part of the village, which was set apart to induce manufacturing concerns to locate here. This plant will bring several families to Cameron. Raw material can be shipped in from all directions at low rates and the two roads furnish excellent facilities for shipments to all parts of the country. The village still has room for small or large manufacturing concerns.

Grandon—
A stranger, who had registered as L. D. May and his home as Freedom, Wis., was found dead in a room in the H. L. Roe hotel, North Grandon. Antigo—
An insane man is thought to be at large somewhere between Phlox and Noyit. The man is a bachelor and has lived alone for some time. It is believed that his mind became unbalanced and that he wandered out into the woods. According to latest reports all efforts to catch the man have failed and it may be possible that he has perished.

JUST LOOK AT THIS
To borrow a neighbors' newspaper is a punishable offense, according to Magistrate Lessner of Alton, Ill., in the case of Mrs. Muriel Jackson, who was accused of taking a Sunday morning paper from the porch of Mrs. Mary Kelley, her neighbor. Mrs. Jackson did not deny taking the newspaper, but said she had only borrowed it, intending to return it. State Attorney Wilson was disposed to allow the case to be dismissed when Judge Lessner interfered and assessed a fine against the defendant, thereby establishing a precedent in all cases where persons appropriate newspapers which were not intended for them.

FORBIDS CUTTING TIMBER
A few days ago notices were posted, by the order of S. W. Campbell, of Ashland, at the several logging camps of the J. S. Stearns Lumber Company forbidding said company from cutting any green merchantable timber on unallotted lands. Should this order remain in force it would place the J. S. Stearns Lumber Company in a rather embarrassing position as they have built their camps and prepared for the winter operations. The Indians complained that their green timber from unallotted land had been cut without authority and without their consent. The Indians for the past seven years have been trying to get these lands allotted to them in severalty. They have made several trips to Washington, D. C., for that purpose. They hope in the near future to have these lands allotted to them. The land in question, with the timber thereon, is estimated to be worth \$3,000,000—Mississippi Lumberman.

HIGH SCHOOL HAPPENINGS

By Our Staff Correspondent, Rev. "Shorty" Lewis

Despite the fact that we lost the foot ball game, all of the little ones returned to school Monday morning looking bright and rosy.

Our "Dear High School" appears large and substantial on a post card—but oh, what a shock the people of Boston would have if they could only see the inside. We advise the council to change the High school quarters to the sky scraper on Brown Street now occupied by Thro. Born.

Another gridiron contest has been scheduled with the Ironwood Miners at that city next Saturday.

The first semi-quarter standings were given out in high school this week.

We would like to see a larger attendance and a little more enthusiasm at the next foot ball game.

Who spit in the ink well? Don't everybody speak at once.

Doan's Kidney Pills which I procured from Reardon's Drug Store drove away my trouble. Another member of my family was also afflicted with a lame and painful back. This person's kidneys were also in bad shape and the kidney secretions were irregular in passage. As soon as the use of Doan's Kidney Pills was begun, relief was received. The enrollment in the Madison high school this year is 857, an increase of 57 over last year. This large increase necessitated a special meeting of the Board of Education to make arrangements for additional teachers and classrooms.

FISH TRAIN OFF

The limited on the Monico-Waters meet branch, known as the "fish train" and run during the resort season for the benefit of tourists has been discontinued. This train is a paying proposition for the railroad company during the summer and on frequent occasions has carried as many as four sleeping cars occupied by Chicago and Milwaukee sportsmen. The people along the Waters meet branch are complaining vigorously of the poor train service and the matter may be brought before the attention of the state railroad rate commission.

NAVAL HERO GONE

Rear Admiral Winfield Scott Schley dropped dead in New York City Monday.

The Stephenson investigation is now on and Mr. E. A. Edmonds and his associates wish they had taken a European trip. Probably Mr. Edmonds wishes he had remained in the paper mill business.

With practically the entire criminal calendar completed at a cost of hundreds of dollars to the county, one of the longest in the history of the county, not a conviction except Robert J. Morter whose fine the judge remitted.

PLEASE EXPLAIN, MR. FRICKE!

In answer to District Attorney Fricke's article of last week which he succeeded in getting in the News and New North he failed to get printed in the Herald, we wish to say that the genial District Attorney used the pen freely but again failed to give any substantial reason why Mr. Morter was singled out and arrested for violation of the election law simply because he had failed to file his expense account. The fact is our District Attorney arrested Attorney Morter according to his own statement after a telephone message and with no written report of a violation of the election law and arrested no others at this time although there were several candidates for county offices and about twenty-two for city offices who had not filed at all. Is it not a fact that about the time of this arrest that Mr. Morter was quite active in the work of the committee of twelve, is it not also a fact that the District Attorney was being most severely criticised for failing to prosecute the proprietors of the house of prostitution for assault with dangerous weapons upon Oberholtz, F. F. Ryan and Joseph Lounghren and is it also not a fact that the committee of twelve requested our District Attorney to come before them to explain his previous conduct as District Attorney? Of course, no one doubted the arrest of others than Mr. Morter after the plain statement of the facts in The New North.

Again the fact is that Mr. Fricke could not write his article of explanation without still further trying to belittle his unfortunate competitor which statement does not affect the arrest of Mr. Morter over other men who committed the same offense. Now Mr. Fricke do you really think that Mr. Morter's offense was more palpable than the proprietors of the house of prostitution that he should be prosecuted and the case against them dropped? Of course, the fact remains that Mr. Morter was guilty of the violation of the election law as were all the others who were not arrested at all. It has been decided so in the circuit court, as Mr. Morter stands alone as the only man on the entire

criminal calendar convicted by the District Attorney at this term of court but Mr. Morter need not take his conviction too seriously as the Circuit Judge failed to fine him after conviction.

We agree that the Dist. Atty. is willing to prosecute cases which are to his liking as is shown by the calendar of this term of court but is it not expensive to Oneida County? Another case expensive to the county was the issuing of a warrant at the request of the District Attorney for Sucheski for stealing two hundred dollars from Frank Zinda and sending Sheriff Crofoot all the way to Boston after him at a cost of about two hundred dollars to find on Sucheski's return that there was not even enough evidence to hold him on a preliminary examination.

We do not write this article with any animosity toward Mr. Fricke because he is a good congenial fellow but we do feel it our duty to let tax payers know what is being done by their public servants.

FOR NEW HIGH SCHOOL BUILDING

Urgent Need of Structure Is Brought Before Council Tuesday Night

At the school board meeting last Monday night the school board members took up the question of a new high school building which every good citizen fully realizes is an absolute necessity. It is hard to accommodate two hundred pupils in a room scarcely large enough for one hundred unless part are hung on pegs as the state inspector at one time suggested. Tuesday evening the council took up this case in an honest sensible way and appointed C. P. Crosby, James Baker and John Swedberg a committee to confer with the school board and make a report at the next council meeting. Mr. Sutton, Mr. E. O. Brown and Supt. Harrison were present in behalf of the school board and Mrs. W. E. Brown, Mrs. D. J. Cole and Mrs. Mildred Shepard acted as a committee in behalf of the woman's club to help push along the good cause.

We need a new high school building. All are aware of the fact and we have faith that the officials will aid us in this cause but the council found it absolutely impossible to appropriate anything in the present budget but they are going to do everything in their power the coming year to reduce other expenditures so that money can be raised for the school building next year.

DEAD IN BED

Leon Sawyer's Body Is Found By His Mother

Leon Sawyer, a young man who has made his residence in Rhinelander since infancy, was found dead in bed this morning by his mother in his home on the north side. The body had been away from home for several days and upon her return was horrified to find her son's lifeless body.

Mr. Sawyer, it is said, was subject to fits and it is surmised that he expired while in one of these spells. From the appearance of the corpse it is believed that death occurred some time Monday night, the last time he was seen alive.

IS WOUNDED IN GUN ACCIDENT

John Goulette Jr. Shot in Side When Weapon Suddenly Discharges

The first hunting accident of the season to be reported in this vicinity occurred Sunday afternoon at about six o'clock when John Goulette Jr., son of Mr. and Mrs. J. B. Goulette, was painfully hurt by the accidental discharge of his shot gun.

The misfortune occurred about five miles west of the city on the Woodboro road. The young man was returning from a drive to Rice Lake and had his gun with him in the anticipation of killing some partridges.

When driving over a rough spot in the road, the weapon which rested between his knees, fell from the carriage and in doing so discharged. A portion of the shot entered his right side, inflicting a bad wound.

At the same time his coat became a fire from close contact with the powder and he experienced much difficulty in extinguishing the blaze. Although very weak he managed to continue the drive to this city where he was taken to the home of his parents on Anderson street and medical aid summoned.

According to late reports he is resting easily and it is not expected that any serious complications will arise. In one sense the accident was a fortunate one for had the gun not slightly glanced in falling the young man would have received the full charge of shot and the result can be imagined.

It shall be unlawful for any person having a license to sell intoxicating liquors within the city of Rhinelander, or any person in his employ, to sell or give any intoxicating liquors on any election day, or to open or cause or permit to be opened any saloon or place owned or controlled by him, where such liquors are sold for the purpose of selling or giving away the same, at any time between the hours of twelve o'clock midnight on each night and five o'clock on the following morning, and between the hours of twelve o'clock on Saturday night of each week and five o'clock on the following Monday morning. THE RIGHT OF WAY

The Evening Times Record of Valley City, says:

"A noteworthy production of the Canadian drama, 'The Right of Way' was presented at the Armory Theatre last night by Mr. Sanford Dodge and his company. Everything was in keeping with Sir Gilbert Parker's famous novel; wardrobe and scenic effects being very attractive as well as correct. In the role of the criminal lawyer, Charlie Steele, Mr. Dodge is at his best; a splendid piece of acting being done in the fourth act, the awakening after the operation. Harry Bernard as Joe. Portugas deserves credit for his hard work. A character of this kind is hard work and Mr. Bernard handled it well. Rosalie, was in the hands of Miss Adelle Nickerson and she made the character as sweet as her Marguerite of last season. 'Bill' the wayward brother-in-law of Charlie Steele, was well presented by Mr. Andrew Castle, while the other characters were in capable hands."

DUTIES OF STATE FOREST RANGERS

**They Must Be Able To Endure
Hardships And Perform
Strenuous Labor**

That the public may gain an idea of what is required of a forest ranger, of which there are many at present at work in this part of the state, the following is taken from the United States "Fire Book," which contains regulations and instructions for the use of rangers:

"A ranger of any grade must be thoroughly sound and able-bodied, capable of enduring hardships and performing severe labor under trying conditions. He must be able to take care of himself and his horses in regions remote from settlement and supplies. He must be able to build trails and cabins, ride, pack, and deal tactfully with all classes of people. He must know something of land surveying, estimating and scaling timber, logging, land laws, mining, and the livestock business.

"On some forests the rangers must be a specialist in one or more of these lines of work. Thorough familiarity with the region in which he seeks employment, including its geography and its forest and industrial conditions, is usually demanded, although lack of this may be supplied by experience in similar regions.

"The examination of applicants is along the practical lines indicated above, and actual demonstration, by performance, is required. Invalids seeking light out-of-door employment need not apply. Experience, not book education, is sought, although ability to make simple maps and write intelligent reports upon ordinary forest business is essential.

"For duty in some parts of Arizona and New Mexico the ranger must know enough Spanish to conduct forest business with Mexicans."

CITY SURPRISES THEM

**Many Minnecqua People Pay First Visit
Here In Years**

The Hoover murder case in circuit court this week brought a large number of Minnecqua people to the city as witnesses. Although several of these people have long resided at Minnecqua this was their first visit to Rhineland in a very long time. They expressed no little surprise at the growth of the city and the substantial improvements which can be noted on all sides. The new court house was a source of amazement to them.

It would be well for these people to come to Rhineland more frequently and become better acquainted with the metropolis of the county.

TO LEAVE RHINELANDER

Roy Lockwood has resigned his position as manager at Chas. Fredrickson's shoe store and will move to either Green Bay or Oshkosh. He has had offers of good positions in both cities. At present Mr. Lockwood's family are in Antigo where they will remain until he decides on a location. Alfred Carlson succeeds Mr. Lockwood at the Fredrickson store. Mr. Lockwood's many friends regret that he and his family are to leave the city and wish them every success in the future.

ANOTHER HUNTING ACCIDENT

Anton Krause, proprietor of the Smeaton House at Deerbrook, who has several friends among Rhinelanders, shot himself in the arm while hunting Saturday. He was on a log when he slipped and fell discharging the gun. The bullet from the rifle shattered the bones of his right arm and the burned powder blinded one of his eyes. It was necessary to amputate the arm at the elbow.

SOME FINE CORN

Steve Kettner raised on his farm in this county this year some of the finest corn ever produced in this part of the state. It is of the Iowa big dent variety and would capture a prize at any agricultural show. Matt Stapleton, who has samples of the corn, says that he has never seen its equal.

THEY ARE COMING HOME

Olaf Goldstrand writes from his old home in Sweden that he and Mrs. Goldstrand will sail for America the last of October and will arrive in this city early in November. The weather is too cold in Sweden for them and lately their stay there has been anything but comfortable.

Bits of News Pertaining To The Soo and Northwestern Railroads

The new law making it a criminal act for any person or persons to jump or hang to a car, engine, coach, or any wheel carrier on a railroad is being posted by the Milwaukee road. The law makes it the duty of every employee of the system to swear out warrants for the arrest of all offenders. The fine for violating this law is not less than twenty-five dollars or twelve months in county jail. This law went into effect July 1.

Every month hundreds of refrigerator cars east bound over the Soo line are reloaded in this city. These cars are chiefly loaded with butter, eggs, cheese and meat from the western states and are consigned to the eastern cities. Some of the shipments cross the water to Liverpool, England, and from that port are distributed to the market places throughout Europe. It is interesting to watch the process of reloading the cars here. About a dozen men are employed and a good view of the work can be obtained from the north Brown Street viaduct.

Thos. Redfield, the Northwestern yardmaster here, was in Milwaukee Sunday, the guest of his son, Jeff, who is studying law at Marquette University.

H. E. Schellenger, the Soo line round house foreman, is a kind hearted soul. He is making an effort to have all the side walks on the north side put in good condition so that "overs when strolling can keep their feet from tripping. He remembers the days when he was young once himself.

SEARCH FOR DAUGHTER

Chief of Police Straub has in his possession the description of a young Barron girl who recently disappeared from her home and it is thought by her parents that she came to this city. The Chief has made a careful search and so far has been unable to locate her. The girl's parents claim that she has always been of a wayward nature and are of the supposition that she ran away. She is sixteen years of age.

Oneida County

Is particularly well adapted for Dairying. The Rhinelander Creamery offers the farmers a CASH market for their milk and cream.

We make the boast that we pay a higher cash price for Cream than any other Creamery in Northern Wisconsin.

Do you realize what our creamery means to the welfare of Oneida County farmers? For the year 1910, we paid out over \$75,000.00 in cash for Cream and for the month of June, this year, an average of over \$100.00 per day for cream alone.

PREPARES FOR DIETZ TRIAL

Case Against Family Is Not To Be Dropped

Press dispatches from Hayward, state that District Attorney Williams of Sawyer county is now busily engaged preparing the remaining Dietz case for trial at the November term of court, and says that the other members of the family will be prosecuted with strong evidence. The defendants include: Mrs. Dietz, Clarence Dietz, Leslie Dietz and Myra Dietz. The charge against them is assault with murderous intent.

It was at first supposed that the case against the other members of the family would be dropped, but the fact that the children have gone about the country continuing their efforts for notoriety and using exaggerated statements against Sawyer county, its officers and people, is evidence that there is no disposition on their part to become peaceable citizens. It is for this reason that Attorney Williams will not drop the remaining case, which he would have done had the children, after the trial last spring stopped agitating the affair and gone quietly and peaceably to work.

SETTLERS FROM EUROPE

Why Not Induce Them To Locate In This County?

Three coaches occupied by Scandinavian immigrants bound for the western states passed through the city over the Soo line Monday morning. These people will take up farms and become in time United States citizens.

Oneida county would be a fine place for people of this class to locate in. Good lands can be obtained here at low prices and they would find the country just as suitable for farming purposes as the west.

It would not be a bad idea for the land men in this community to send some of their advertising literature over to Europe and see if they can't induce a few of these thrifty immigrants to come to Oneida county. The West is not entitled to get them all.

SHOW IS LAUGHABLE

One of the most laugh provoking comedies seen in Rhinelander this season was "How Schneider Fixed It" at the Grand Opera House Sunday evening. The play was a whirlwind of merriment from the rise until the fall of the curtain and there was not a dull or uninteresting situation.

Manager Kruckeberg of the Grand is endeavoring to secure only the highest class attractions for his theater and the public should appreciate his efforts in this respect by giving him their patronage. Friday night there will appear at the Grand one of the strongest productions on the road, "The Right of Way," in which Mr. Sanford Dodge, an actor of note, will appear in the leading role. This is an attraction that everyone should try to see.

Origin of Names of Dances.

The name "quadrille" is derived from the position of the dancers, the French word "quadrille" meaning a little square. "Country dance," does not mean a rustic dance, but is a corruption of the French term "contredanse," which relates to the position of the couples opposite each other.
